NATURAL HISTORY MUSEUM
OF CAL POLY HUMBOLDT PRESENTS...
AN EVENING LECTURE~

WILDLIFE TRACKING:

MODERN APPLICATIONS FOR A SKILL OLDER THAN HUMANITY

"Reading the tracks and signs of wild animals is an ancient skill and the most fundamental element of ecological literacy~"

**FRIDAY, SEP 11TH, 2026
7:00-8:15 PM**

**LECTURE WILL TAKE PLACE IN
NHM CLASSROOM
(BEHIND THE MAIN BUILDING)**

Phil Johnston is a professional wildlife tracker and mountain lion biologist for the California Department of Fish & Wildlife where he leads mountain lion research and management in the eastern Sierra, pioneering non-lethal strategies to protect endangered Sierra bighorn from mountain lion predation. Phil is a Track and Sign Evaluator with CyberTracker and Tracker Certification North America and is passionate about making wildlife tracking a more accessible skill to people from all walks of life, as well as improving accuracy in scientific data collection.

**ADDRESS:
1242 G STREET, ARCATA, CA**
